C-WILL121 – NEW VIBE MUSIC

SEPTEMBER 9, 2018 ANASTIM DUCRAY

Veteran musical artist C-WILL121 is an architect of what he dubs “New Vibe Music,” a genre which fuses future, soul and hip hop into new niche sound. He has a few new summer singles that are floating about out there on the airwaves.

Stuck offers an ambiance that’s both somber and upbeat at the same time. Stylistically, it’s vaguely reminiscent of Marvin Gaye’s *Let’s Get it on*, only with a more modern and futuristic backing beat. The song combines a rather uplifting musical tone with lyrics conveying the metaphoric distress of feeling “stuck” on a desert island (within a romantic context.) *Stuck* makes good use of harmonies and layering, with everything sounding where it should be in the mix.
